The request must be in writing

The name of the requesting party

A mailing address for the requesting party

A phone number or e-mail address where the requesting party can be contacted, and

Detailed information about the records being requested. This will help staff in determining if the requested records exist, are in the county's possession and are subject to disclosure under KORA. Requests for records not yet in existence or documents to be created prospectively cannot be honored.

The records custodian will be the sole judge of the ability of the agency to comply with any request for the records to be provided in electronic format or for records that must be produced in any special computer generated format.

Additional fees, including any costs incurred by the county in connection with complying with a record request may be assessed to the requesting party.

ADVANCED PAYMENT OF FEES REQUIRED

The county will provide the requesting party with an estimate of the fees before processing or providing access to records. This estimate fee must be paid before the county processes the request or provides access to records.

While the county will do its best to provide an accurate estimate of the fee, it is possible that the records can be produced for less than the estimated cost, in which a refund of any additional amounts will be refunded.

It is also possible that the estimated fee is low once the actual processing work is started. If the county discovers that the estimated fee is too low, the county will promptly advise the requesting party of the corrected estimated fee, and request advance payment of the additional costs before continuing work on the request.

Payment may be made by check or money order **payable to the Treasurer of Leavenworth County, Kansas**. Returned checks will incur an additional fee of \$30.00.
